travel

POWERFUL AND SAFE. Acclaimed Euro 4 compliant engines and advanced safety devices reveal the DNA of a great traveller. The 150bhp Multijet 1.9 16v diesel is a lively, powerful engine that delivers excellent fuel economy and low emissions. Another engine choice is the excellent 120bhp 1.9 Multijet. To balance the power of our engines, we have created a class-leading range of active and passive safety devices. These include a full set of six airbags, as well as dynamic control systems like ABS with EBD to stop the wheels locking, ASR and MSR to minimise the risk of skidding and ESP to keep the car from swerving.
